

PT TRIDAYA TEKNIKA TAMA

**TRITETA**

Integrated Construction Company

About Company

PT Tridaya Teknika Tama is a general contractor company based in Cilegon City, Banten, and has been operating since 2011. The company is engaged in construction, maintenance, and development of building, factory, mechanical, and electrical projects.

With more than 15 years of experience, PT Tridaya Teknika Tama has gained the trust of government agencies, private companies, as well as state-owned and private enterprises across various development sectors. Supported by experienced personnel and an extensive partner network, the company is capable of executing projects professionally and on schedule.

As a commitment to quality and occupational safety, PT Tridaya Teknika Tama implements the ISO 9001 quality management standard and the OHSAS 18001 Occupational Health and Safety standard to ensure that every project is carried out effectively, efficiently, and with high quality.
